

SPECIFICATIONS

Tested in accordance to stringent Bellcore® standards.

ATTENUATION LEVELS:

3dB, 5dB, 7dB, 10dB, 15dB, 20dB, 25dB, 30dB

RETURN LOSS:

-55dB

WAVELENGTH:

1310nm / 1550nm

VIBRATION:

>0.1 dB x Attenuation

OPERATING TEMP:

-40°C to +80°C

FC IN-LINE FIXED ATTENUATORS

These FC In-Line attenuators provide fixed levels of attenuation for diverse network applications.

- Highest quality doped fiber.
- Process-stability maintained.
- Available in APC Configurations.
- Custom dB levels available.
- 100% optically tested and individually packaged.
